## **WeekendSaver<sup>SM</sup> Home Preventive Maintenance Service Agreement**

*This Home Preventative Maintenance Agreement, hereinafter referred to as the "Agreement", is issued by the entity listed for your state on the Coverage Summary page. Such entity is hereinafter referred to as the "Issuing Company", or "we", "us", and/or "our". The owner of the home covered by this Agreement is hereinafter referred to as "you" and/or "your". This is a Home Preventative Maintenance Service Agreement, not an insurance policy.*

This Agreement is intended to provide up to four (4) in-home preventative maintenance service visits, hereinafter referred to as a "Service Call", per Agreement term. **The Agreement Coverage Summary is attached to and made a part of this Agreement. Coverage is subject to the limitations and conditions specified in this Agreement**

**This Agreement has provisions for the use of final and binding arbitration to resolve disputes and otherwise limits the remedies available to you. Please see DISPUTE RESOLUTION section for more information about arbitration.**

### **I. TERMS AND CONDITIONS PREVENTATIVE MAINTENANCE SERVICES**

Under the terms of this Agreement you may choose to receive up to four (one each) of the following Service Calls:

1. Appliances
2. Heating and Air Conditioning (performed in one visit), 3. Electrical, 4. Plumbing. You may schedule only one Service Call at a time and only one Service Call during each 90-day period with the first such period commencing on your Effective Date. If you fail to schedule a Service Call during any 90-day period you may not "make-up" that Service Call by scheduling more than one Service Call during any subsequent period. No refund will be given for missed Service Calls. 2. When you call with a Service Call request, we will provide you with a referral to an independent contractor. We will use reasonable efforts to provide a referral to an independent service contractor within two (2) hours after the service request is received, if the request is received during normal business hours, and within twenty-four (24) hours if request is received after normal business hours or on weekends and holidays. In the event conditions, such as but not limited to inclement weather, prevents one of our independent service contractors from servicing you during one of your 90-day periods, you will be entitled to "make up" your Service Call during a subsequent 90-day period. You are solely responsible to call us to schedule your "make-up" Service Call.
3. This Agreement covers only the labor costs (except where indicated otherwise within this Agreement) resulting from performing a specific set of preventative maintenance tasks on certain systems and appliances in your home as listed on your Agreement Coverage Summary. Tasks are defined as the services outlined under the Definition of Coverage: Preventative Maintenance Services as set forth in this Agreement.
4. We have the sole authority to select independent service contractors. All Service Calls performed under this Agreement must be performed by the independent service contractor we refer to you. We are not responsible for any expenses you incur without our express consent or any costs associated with unauthorized work performed by any contractors and/or service providers whether or not selected by us.
5. We are not responsible for any costs for services you may elect outside of the Tasks covered by this Agreement as set forth under Definition of Coverage: Preventative Maintenance Services. 6. The specific Tasks authorized to be performed during a Service Call are specific preventative maintenance Tasks intended to help prevent your home systems and appliances from failing and to keep them running at peak efficiency. However, preventative maintenance cannot guarantee this outcome since systems are by their very nature subject to failure and to poor performance without warning despite best efforts to the contrary. Therefore we make no warranty that a specific Service Call will prevent system failure or will ensure efficient operation. We shall not be liable to you for damages, losses or any other claim resulting from such a system or appliance failure.
7. We reserve the right to alter, amend, exchange, add or eliminate, at any time and at our sole discretion the specific set of Tasks performed during a Service Call.

Arbitration shall be conducted within the geographical limits of the applicable federal district court where the Covered Property is located, or such other location upon which both parties mutually agree. The Commercial Arbitration Rules and Supplementary Procedures for Consumer-Related Disputes of the American Arbitration Association (the "Arbitration Rules") in effect at the time arbitration is demanded by either party shall govern the arbitration proceeding and the selection of one neutral arbitrator to preside over the proceeding. The arbitrator is empowered to decide all Disputes and all questions related to the enforceability and scope of these Dispute Resolution provisions, including but not limited to the validity, interpretation and applicability of these Dispute Resolution Provisions. Additionally, this transaction involves interstate commerce, and these Dispute Resolution provisions shall be governed by the Federal Arbitration Act, as amended (9 USC 1). Under the Arbitration Rules, although each party is required to pay certain administrative and arbitrator fees, the amount the consumer may be required to pay is limited. Each party to arbitration is responsible for its own attorney's fees, if the party chooses to be represented by an attorney.

**2. CLASS ACTION AND JURY TRIAL WAIVER:** Each party to this Agreement may bring a Dispute against the other only in its individual capacity and not as a plaintiff or class member in any purported class or representative proceeding. Each party gives up or waives any right it may have to have any Disputes between them resolved by a jury.
